

The current warranty has the following table and note:

Item	Period of Coverage (from date of purchase)		
	Residential Applications	Used with Rinnai Air Handler for domestic heating and water	Commercial Applications including radiant heating
Heat Exchanger	12 years *	10 years * †	5 years *
All Other Parts and Components	5 years *	5 years * †	5 years *
Reasonable Labor	1 year		

† Note: Period of coverage is reduced to 3 years from date of purchase if the Rinnai water heater temperature setting exceeds 160° F (71° C).

To make the warranty consistent for Rinnai and non-Rinnai air handler applications, this note is being changed to the following in the condensing and non-condensing water heater manuals:

† Note: Period of coverage is reduced to 5 years from date of purchase if the Rinnai water heater temperature setting exceeds 160° F (71° C).

In addition, this change from 3 to 5 years applies to all water heaters sold with the previous warranty.
